Our Mission.

The "Chabad on Campus UK" branch of Lubavitch foundation has been actively servicing students at Imperial College and other universities in London since 1970's with classes on campus and social programmes. The activities have now expanded to include a full time "Chabad House Rabbi" and family, living locally in South Kensington servicing the students and faculty of Imperial College and the International Study Abroad programmes in the area.

Chabad of South Kensington's primary focus is to offer university students a chance to connect to their Judaism. It offers opportunities to learn and discover the richness of our Jewish heritage with group study, one to one learning, organized trips and Shabbat and holiday celebrations.

For more information please feel free to call Rabbi Mendy on 07800 639 565 or Mrs. Sara on 07814 648 619 or email at info@skchabad.org

Welcome, fellow Imperialites, to another (or your first) year in London.

As the student representative for Chabad on Campus South Kensington, I am delighted to present the programme for this year. Rabbi Mendy and Sara Loewenthal have so far organised four (or five?) years of Chabad goodness, and this year will not prove the exception!

I invite you to delectable treats such as Green Shabbat this term, World Unity Shabbat next term, as well as all those holidays you know and love.

I'm looking forward to meeting you all / seeing those of whom I've already had the pleasure!

Here's to a phenomenal year!
